

Job Description**Demand Planner-1100562****Description**

Armstrong World Industries, Inc.
Demand Planner
Lancaster, PA

We are looking for a talented Supply Chain Professional. This is an exciting opportunity to work in a critical logistics planning position, interacting with nearly every functional area within the business. You will be responsible for effectively managing inventory levels to satisfy customer service and financial requirements, while maintaining or exceeding fill rates for the various channel customers. This role will integrate sales forecasts with plant capabilities and capacities to develop master schedules.

Additional Responsibilities:

- Works directly with manufacturing on process improvement & schedule adherence initiatives.
- Maintains data necessary to update inventory base stock levels & customer service policies on a quarterly basis.
- Develops action plans to improve the fill rates as required.
- Understands the forecasting process.
- Travels to plants annually and as needed.
- Optimize customer service and working capital requirements.
- Takes on Project work as needed.
- Apply Lean & Continuous Improvement principles to improve processes and to achieve key performance indicators.

Qualifications**Required Qualifications**

- Bachelor's degree in Business Administration, Logistics, Supply Chain Management or Engineering or equivalent work experience.
- Strong work ethic, action/results oriented.
- Ability and desire to take on new challenges and additional responsibilities.
- Demonstrated accountability & ownership, initiative and leadership skills.
- Proven analytical and teamwork skills.
- Strong Math skills.
- Demonstrated written and verbal communications skills, with the ability to present solutions clearly and concisely to various levels of the organization.
- Proficiency in MS Office products, including Word, Excel, PowerPoint, and Access.

Desired Qualifications

- Prior experience working with Big Box Retailers.
- Three years of planning/supply chain experience preferably in a manufacturing setting.

- Working knowledge of SAP.
- Formal process improvement training, i.e. Six Sigma, Lean.
- APICS certification.

Benefits:

We offer competitive benefits including options and choices to fit your needs such as medical, dental, prescription drug, life insurance, long and short term disability coverage, 401k plan, paid time off, and product discount programs.

About the Company:

Established in 1860, Armstrong World Industries, Inc. is a multi-billion dollar global leader in the design and manufacture of floors, ceilings, and cabinets with a focus on innovation, design, and environmental sustainability. Based in Lancaster PA, Armstrong serves both the residential and commercial markets operating plants and distribution centers in eight countries with over 9,000 employees worldwide.

How to Apply:

Armstrong is an Equal Opportunity Employer.
